

Connection Message: Instructions for Accessing the eClaims Website

When attempting to access eClaims using the Firefox Internet browser, some panel attorneys have received the following message:

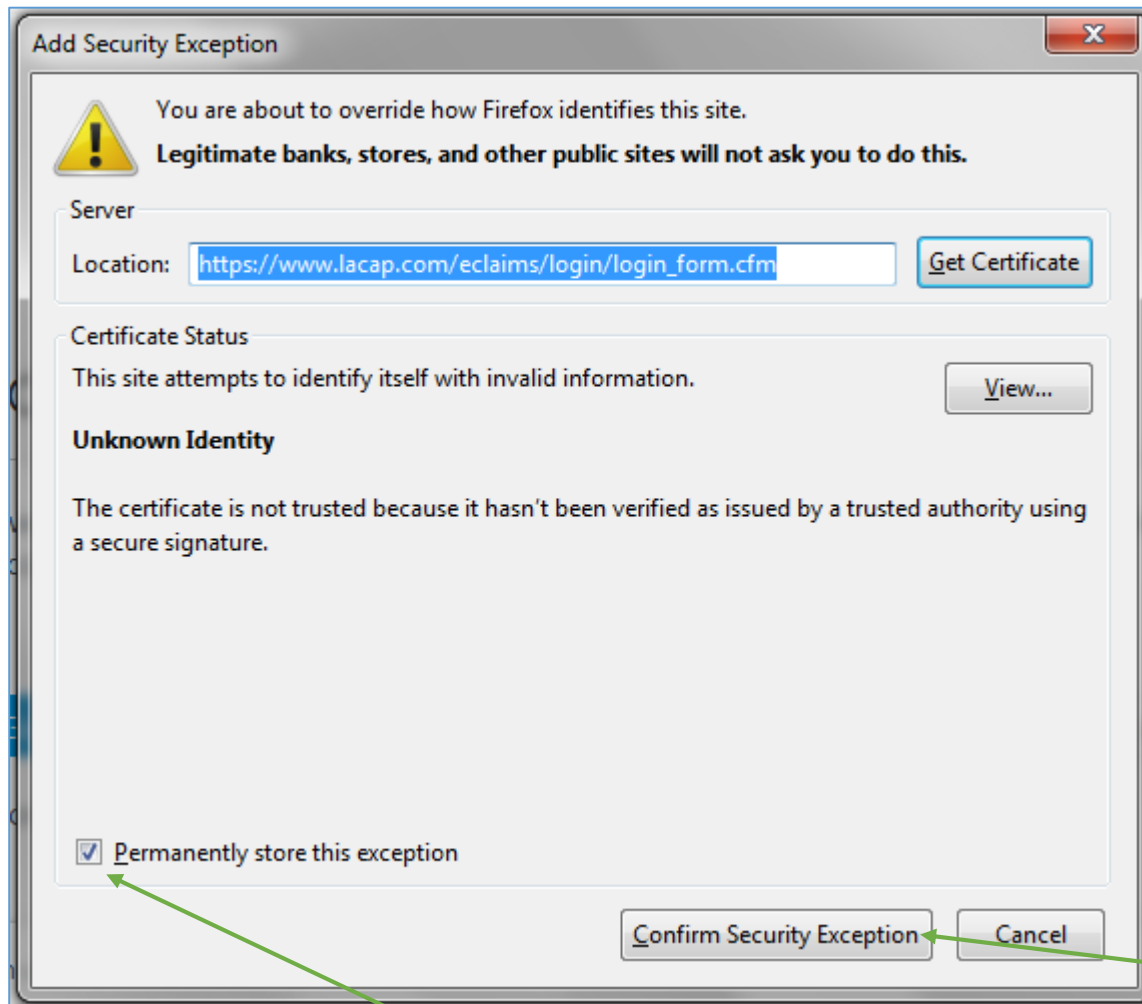

You can bypass this message and access the eClaims website by doing the following. Click on the **Advanced** button.

You should now see an additional message below the **Advanced** button.

Click **Add Exception . . .**

You should see the following window:

Make sure the box next to **Permanently store this exception** is checked. Then click the **Confirm Security Exception** button.

You should now be able to access CAP/LA's eClaim website.

Please Log In...

Home Pages:

ALERT: eClaims V2 is AVAILABLE for users filing CAP-LA claims starting Thursday, October 13, 2016.

Users from all other projects may continue to login and use eClaims here until further notice.

Users with CAP-LA claims, please log into the [new eClaims here](#).
