MOTION FOR LEAVE TO FILE SUPPLEMENTAL BRIEFING
(In re Phoenix H.)

Appellant [insert your name] respectfully requests leave to file a supplemental brief in this matter, following the filing of an opening brief by appointed appellate counsel in which counsel concluded that there were no arguable issues.

Appellant disagrees. Appellant contends that the following arguable issues are present and require review by this court:

- 1.
- 2.
3. *[here, list in numbered paragraphs the issues that you believe require review. You must show for each issue what mistake was made by the*

court, and how that mistake harmed you.]

For these reasons, appellant respectfully requests that the court grant leave for appellant to file a supplemental opening brief raising these issues.

[If you want to request that I be relieved and that you be appointed as your own attorney, include that request in a separate paragraph here.]
