Many new statutes and rules would fit under two or more categories but are included under only one. There are many cross references. Only the most important new laws, rules and forms are included.

A complete list of new bills is online at “California Legislative Information,” “Publications,” “New Laws Report.” Almost-complete lists of new criminal law bills are published by the Public Safety Committees of both the Senate the Assembly. All new Rules and Forms are at the Calif. Courts website. Both the Calif. Courts and the DMV have pages on their websites for new legislation affecting them.

This treatise is for information only and is not legal advice.

**Raising Racial Justice Act Claims on Appeal by Asking for Remand**

**AB 1118, (Stats 2023 Ch. 464)** Amends “The Racial Justice Act,” PC 745

**From the Legislative Counsel’s Digest**

[The California Racial Justice Act (CRJA, or RJA)] prohibits the state from seeking a . . . conviction or sentence based on race, ethnicity, or national origin. . . . [Def can] file a motion in the trial court or, if judgment has been imposed, [can] file a petition for writ of habeas corpus to allege a violation of this prohibition.

This bill . . . additionally authorize[s] [Def] in specified circumstances to raise a claim alleging [a CRJA] violation . . . on direct appeal. . . . The bill . . . authorize[s] [Def] to move to stay the appeal and request remand to the superior court to file a motion.

**From the RJA, PC 745, as amended:** [Paragraph break added]

(b) [Def.] may file a motion in the trial court or, if judgment has been imposed, may file pursuant to this section, or a petition for writ of habeas corpus or a motion under [PC 1473.7] in a court of competent jurisdiction, alleging a violation of [the RJA]. **For claims based on the trial record, [Def] may raise a claim alleging a violation of [the RJA] on direct appeal from the conviction or sentence.**
**The [Def] may also move to stay the appeal and request remand to the superior court to file a motion pursuant to this section.** If the motion is based in whole or in part on conduct or statements by the judge, the judge shall disqualify themselves from any further proceedings under this [§].

From the Assembly Floor Report of May 18, 2023 (emphasis added)

“[This Bill] . . . . clarifies that RJA claims can be raised on appeal, or, if additional evidence is needed, permits individuals to request stay of an appeal and remand to the trial court to file a motion. The bill also clarifies that a case need not be set for trial to file an RJA motion.”

From the “Senate Committee on Public Safety” report for a hearing on June 6, 2023.

Generally, a trial court loses jurisdiction once an appeal is filed. But in other post-conviction relief contexts, stays and remands have been permitted by the courts – for example to file a petition to vacate a felony murder conviction and be resentenced under [former PC 1170.95, now PC 1172.6. (See People v. Martinez (2019) 31 Cal.App.5th 719, 729 [“A Court of Appeal presented with such a stay request and convinced it is supported by good cause can order the pending appeal stayed with a limited remand to the trial court for the sole purpose of permitting the trial court to rule on a petition under section 1170.95.”].)

“Reporting Professional Misconduct”: New Rule of Prof. Conduct

Rule 8.3 Reporting Professional Misconduct

(Rule Approved by the Supreme Court, Effective August 1, 2023)

(a) A lawyer shall, without undue delay, inform the State Bar, or a tribunal* with jurisdiction to investigate or act upon such misconduct, when the lawyer knows* of credible evidence that another lawyer has committed a criminal act or has engaged in conduct involving dishonesty, fraud,* deceit, or reckless or intentional misrepresentation or misappropriation of funds or property that raises a substantial* question as to that lawyer’s honesty, trustworthiness, or fitness as a lawyer in other respects.

(b) Except as required by . . . (a), a lawyer may, but is not required to, report . . . a violation of these Rules or the State Bar Act.

(c) For purposes of this rule, “criminal act” as used in paragraph (a) excludes conduct that would be a criminal act in another state, United States territory, or foreign jurisdiction, but would not be a criminal act in California.

(d) This rule does not require or authorize disclosure of information gained by a lawyer while participating in a substance use or mental health program, or require disclosure of information protected by [BP] 6068, subd[.] (e) and rules 1.6 and 1.8.2; mediation confidentiality; the lawyer-client privilege; other applicable privileges; or by other rules or laws, including . . . confidential [info.] under [BP] 6234

* Terms with an asterisk are defined in RPC 1.0.1 Terminology.

BP 6234 is part of the “[Atty] Diversion and Assistance Act. (BP 6230-6238).

**BACKGROUND CHECKS**

*Partial rollback of a background check law.*

**SB 531 (Stats 2023 Ch. 616)** Amends Educ. Code 45125

Urgency statute, eff. Oct. 8, 2023

[This background check requirement was so onerous that some entities offering work experience were pulling out, reducing pupils’ opportunities. GB]

**From the Legislative Counsel’s Digest** (emphasis added)

[Before this bill] *any* entity that ha[d] a contract with a local educational agency . . . [had to] ensure that [almost] *any* employee who interacts with pupils, . . ., ha[d] a valid criminal records summary. . . .

This bill . . . exempt[s] [from that] requirement . . . an employee of an[ ] entity that . . . offers work experience opportunities for pupils or workplace placements . . . if . . . [there is] at least one adult employee in the workplace during the pupil’s work hours[ ] who . . . [is] responsible for the [pupil’s] safety . . . [who] has a valid criminal records summary and . . . [the] pupil’s parent or guardian has signed a consent form . . . [with exceptions].

**From the Senate Committee on Education for September 13, 2023:**

. . . . Background check requirement expanded to contractors. . . . The 2021 Budget Act expanded this [background check requirement [from contractors
for janitorial services, administrative services, grounds, and landscape maintenance] to *any* contract involving individuals interacting with students, whether in-person or online. [emphasis added GB]

. . . . Unintended consequences of [this] background check requirement . . .

[S]tudent work experience opportunities [were] negatively impacted. Many employers who previously had hosted students for work experience and WorkAbility were unable or unwilling to comply with the requirement that all . . . employees who might have contact with the student(s) be fingerprinted. [There were other problems as well.]

. . . . **Barriers to complying with the fingerprinting requirement.** . . . [C]hallenges . . . by outside entities . . . include . . . (a) Workplaces cannot bear the . . . cost [burden of] fingerprinting of any staff who interact with students, including the fingerprinting service cost, travel cost, and extra staff time; (b) Workplaces cannot . . . ensure that students will only interact with those staff who have been cleared; (c) Complications of staff turnover . . .; d) Lack of . . . capacity to maintain records of those cleared and communicate subsequent arrest and conviction info[.]; [Other challenges were also identified.]

SB 135 (Stats 2023, Ch. 190) Amends, inter alia, PC 977, 977.3, 1043.5

From the Legislative Counsel’s Digest

Existing law generally allows, until Jan[.] 1, 2024, upon [Def’s] waiver of the right to be ... present, criminal proceedings to be conducted through ... remote technology, and prohibits a [Def] charged with a felony or misdemeanor to appear remotely for a jury or court trial ... .

Existing law authorizes, until Jan[.] 1, 2024, a [W] ... to testify using remote technology, as provided by statutes regarding the examination of [V’s] of sexual crimes and conditional examinations of [Ws] ... .

Existing law requires a [Def] to be personally present in a preliminary hearing unless otherwise specified. Existing law prohibits these provisions from limiting the right of a [Def] to waive the right to be present. Existing law, until Jan[.] 1, 2024, includes the [Def’s] right to waive the right to appear through ... remote technology from being limited by these provisions.

This bill ... extend[s] all th[ose] provision[s] to January 1, 2025.

Statute of Limitations for Certain Misdemeanor Contractor’s License Offenses Extended to Three Years.

SB 601, § 2 (Stats 2023, Ch. 403) Amends, inter alia, PC 802
From the Legislative Counsel's Digest:

[Anyone licensed under the Contractors State License Law who lends, or permits the use of, the person’s license to any other person is guilty of a misd.]

[Before this bill,] the time for beginning prosecution for . . . [those] offenses [was within] one year after commission of the offense.

[This bill extends that time to] within 3 years after discovery of the . . . offense, or within 3 years after completion of the offense, whichever is later.

From P C 802 as amended.

(a) Except as provided in [subds. (b) to (e)], prosecution for a misd[.] or infraction] shall be commenced within one year after . . . the offense.

¶ . . . ¶ (e)(1) . . .

(2) Prosecution for a misdemeanor violation of [BP 119, subds. (b) and (e)] by licensed Contractors [i.e., for the offenses in the Leg. Counsel’s Dig., above], within three years after discovery of the commission of the offense, or within three years after completion of the offense, whichever is later.

[Sic. The phrase “shall be commenced” just before the first “within” was left out of the amendment, probably by a drafter’s error. GB]

Demurrer Allowed for Constitutionally Invalid Statute

SB 883. § 7 (Stats 2023, Ch. 311) Amends, inter alia, PC 1004

From the Legislative Counsel's Digest

(5) Existing law authorizes a [Def] to demur on the accusatory pleading . . . prior to the entry of a plea, when, among other things, it appears on the face of the pleading that the facts stated do not constitute a public offense or the pleading contains matter which, if true, would constitute a legal justification or excuse of the offense charged, or other legal bar to the prosecution.
This bill... additionally authorize[s] a [Def] to demur if the statutory provision alleged in the accusatory pleading is constitutionally invalid.

**From PC 1004 as amended**

[Def] may demur to the accusatory pleading at any time prior to the entry of a plea, when it appears upon the face thereof either:

1. (a) . . .  2. (b) . . .  3. (c) . . .  4. (d) . . .  5. (e)

(f) That the statutory provision alleged in the accusatory pleading is constitutionally invalid.

**From the Assembly Comm. on Public Safety report for July 11, 2023.**

The California Supreme Court has repeatedly held that [PC] 1004 is the proper vehicle for a [Def] to challenge a facially unconstitutional allegation. [Before this bill] [PC] 1004 [did] not, however, expressly state [that] . . . This clarification . . . make[s] the statute consistent with the [both the U.S and Calif.] Supreme Court[s’] long-standing [caselaw], [citing cases].

**New CALCRIM 209: Implicit or Unconscious Bias**

[Y]ou must not let bias influence your assessment of the evidence or your decisions.

. . . . Our brains help us navigate and respond quickly to events by grouping and categorizing people, places, and things. We all do this. These mental shortcuts are helpful in some situations, but in the courtroom they may lead to biased decisionmaking.

Bias can affect what we notice and pay attention to, what we see and hear, what we remember, how we perceive people, and how we make decisions. We may favor or be more likely to believe people whom we see as similar to us or
with whom we identify. Conversely, we may disfavor or be less likely to believe people whom we see as different.

Although we are aware of some of our biases, we may not be aware of all of them. We refer to those biases as “implicit” or “unconscious.” They may be based on stereotypes we would reject if they were brought to our attention. Implicit or unconscious biases can affect how we perceive others and how we make decisions, without our being aware of their effect.

To ensure that bias does not affect your decisions in this case, consider the following steps:

1. Reflect carefully and thoughtfully about the evidence. Think about why you are making each decision and examine it for bias. Resist the urge to jump to conclusions or to make judgments based on personal likes or dislikes, generalizations, prejudices, stereotypes, or biases.

2. Consider your initial impressions of the people and the evidence in this case. Would your impressions be different if any of the people were, for example, of a different age, gender, race, religion, sexual orientation, ethnicity, or national origin? Was your opinion affected because a person has a disability or speaks in a language other than English or with an accent? Think about the people involved in this case as individuals. Focusing on individuals can help reduce the effect of stereotypes on decisionmaking.

3. Listen to the other jurors. Their backgrounds, experiences, and insights may be different from yours. Hearing and sharing different perspectives may help identify and eliminate biased conclusions.

The law demands that jurors make unbiased decisions, and these strategies can help you fulfill this important responsibility. You must base your decisions solely on the evidence presented, your evaluation of that evidence, your common sense and experience, and these instructions.

Automatic relief from criminal records

AB 567 (Stats 2023, Ch. 444) Amends PC 1203.425

[DOJ is currently granting relief under this statute for convictions, and under the related statute, PC 851.93 for arrests. DOJ is required (subject to an annual appropriation) to publish statistics on the Open Justice Web portal (see PC 13010) on the number of convictions and arrests granted relief. In 2022, this relief was granted for millions of convictions and arrests. See https://openjustice.doj.ca.gov/data . GB]

From the Legislative Counsel’s Digest (emphasis added)
[Existing and ongoing law], subject to an appropriation, requires [DOJ], on a monthly basis, to review . . . the statewide criminal justice databases and identify persons . . . eligible for automatic conviction record relief . . . [A] person is eligible . . . if, on or after January 1, 1973, they were sentenced to probation, and completed it without revocation, or [was] convicted of an infraction or a misdemeanor, and other criteria are met . . .

Existing [and ongoing] law, commencing July 1, 2024, and subject to an appropriation, . . . makes this arrest record relief available to a person who has been arrested for a felony, including a felony punishable by imprisonment in the state prison, as specified.

This bill . . . commencing July 1, 2024, require[s] [DOJ] to . . . confirm[ ] that relief was granted upon request from [Def] . . .

**Added PC 1203.425, subd. (a)(7):**

(7) Upon request from the subject of the record, the department shall provide confirmation that relief was granted pursuant to this section.

**From the Assembly Floor Analysis of Sept. 1, 2023:**

SUMMARY: Extends, commencing July 1, 2024, automatic conviction record relief to misdemeanor convictions where the sentence has been successfully completed following a revocation of probation. . . .

COMMENTS . . .: [T]his bill extend[s] automatic conviction record relief to misdemeanor convictions where the sentence [was] . . . completed [after a probation revocation].

Major Provisions: 1) Extended automatic record relief to misdemeanor convictions where the sentence has been successfully completed following a revocation of probation. 2) Provided that upon request from the subject of the record, [DOJ] shall provide confirmation that relief was granted. . . .
The reimbursements petitioners must pay for seeking relief pursuant to PC 1203.4, 1203.41, 1203.42, and 1203.45, are all repealed.

AB 134 §§ 6, 8, 9, 12, 13 (Stats 2023, Ch. 47) Urgency, effective July 10, 2023. Amends PC 1203.4, 1203.41, 1203.42, and 1203.45; repeals PC 1203.426. (For other aspects of AB 134, see this section below; Juvenile Law.

Typical repealed language is the following from PC 1203.4, former subd. (d):

(d) A person who petitions for a change of plea or setting aside of a verdict under this section may be required to reimburse the court for the actual costs of services rendered, whether or not the petition is granted . . . . [up to] . . . $150 . . . , and to reimburse the county for the actual costs of services rendered, whether or not the petition is granted . . . . [up to] . . . $150 . . . , and to reimburse any city for the actual costs of services rendered, . . . [up to] . . . $150 . . . .

An unfilled order of restitution or restitution fine is no longer grounds to deny PC 1203.4b conviction-dismissal for people who completed Calif. Conservation Camp or its County equivalent.

AB 134 § 4 (Stats 2023, Ch. 47, § 7) Amends PC 1203.4b Urgency, effective July 10, 2023.

(For other aspects of AB 134, see this section above; Juvenile Law; and “Answer to the Trivia Question.”)

From the Legislative Counsel’s Digest:
This bill . . . extend[s] the prohibition against a petition being denied due to unpaid restitution to a person eligible for expungement based on successful participation in the California Conservation Camp program.

The following language is added to PC 1203.4b

(4)(A) A petition for relief under this section shall not be denied due to an unfulfilled order of restitution or restitution fine.

(B) An unfulfilled order of restitution or restitution fine shall not be grounds for finding that a [Def] did not successfully participate in the . . . Conservation Camp program . . . or [in its county equivalent as defined].

(C) When the court considers a petition for relief under this section, in its discretion and in the interest of justice, an unpaid order of restitution or restitution fine shall not be grounds for denial of the petition for relief.

[Note that (C) refers to “discretion.” Manifestly, this refers to the court’s overall discretion, while prohibiting the court from denying the petition concerning unpaid restitution. GB]

This bill . . . remove[s] borderline personality disorder as an exclusion . . . .

From PC 1001.36 as amended in this regard.

(b) [Def] is eligible for pretrial [mental health] diversion . . . if . . .:

(1) [Def.] has been diagnosed with a mental disorder as identified in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders [DSM], including, but not limited to, bipolar disorder, schizophrenia, schizoaffective disorder, or post-traumatic stress disorder, but excluding antisocial personality disorder, borderline personality disorder, and pedophilia. This amendment becomes operative on July 1, 2024.
(For another aspect of AB 1412 and Mental Health Diversion, also amending PC 1001.36, see the entry immediately above.)

**From the Legislative Counsel’s Digest for AB 455** (the amendment by AB 455 is identical to amendment to PC 1001.36 made by AB 1412. GB)

This bill [will], on July 1, 2024, authorize [P] to request [a court order], to prohibit a [Def] subject to pretrial [mental health] diversion from owning or possessing a firearm because they are a danger to themselves or others until they successfully complete diversion or their firearm rights are restored [e.g. by a petition pursuant to WI 8103, subd. (g)(4) . . . ].

**From PC 1001.36 as, in effect, amended by AB 1412 in this regard.**

(m)(1) [P] may request [a court order] that [Def] be prohibited from owning or possessing a firearm until they successfully complete diversion because they are a danger to themselves or others [under] WI 8103, subd.] (i) . . . .

(2) [P] shall bear the burden of proving, by clear and convincing evidence, both of the following are true:

(A) [Def] poses a significant danger of causing personal injury to themselves or another by having in their custody or control, [etc.] a firearm.
(B) The prohibition is necessary to prevent . . . injury to [Def.] or any other person because less restrictive alternatives either have been tried and [are] ineffective or are inadequate or inappropriate . . . .

(3)(A) . . . (B) If the court finds that [P] has met the burden, the court shall order that [Def.] is prohibited, and shall inform [Def.] they are prohibited, from owning or controlling a firearm until they successfully complete diversion because they are a danger to themselves or others.

(4) [This] order . . . shall be in effect until [Def.] has successfully completed diversion or until their firearm rights are restored [by WI 8103, subd. (g)(4)].

(n) This section shall become operative on July 1, 2024.

[A conforming amendment was made to WI 8103 by SB 455.]

The education requirement of PC 1000 drug programs increased.

SB 46, § 3 (Stats 2023, Ch. 481) Amends PC 1211 [and, in effect, PC 1000]

The reason that PC 1211 effects PC 1000 diversion is because PC 1000, subd. (c), requires, by reference, that the drug program comply with PC 1211.

For another aspect of SB 46 see “Probation.”

From PC 1211 as amended by § 3 of SB 46 (editorial features added):

(a) . . . [T]o ensure the quality of drug diversion programs provided pursuant to [PC 1210] and [PC 1000 et seq. drug diversion][the following are] minimum requirements, criteria, and fees for the successful completion of drug diversion --- programs, . . . :
(1) An initial assessment of each divertee, which may include . . .:

(A) Social, cultural, linguistic, economic, and family background.

(B) to (F)]

(2) A minimum of 20 hours of either effective education or counseling or any combination of both for each divertee. [This] shall include education about [1] how the use of controlled substances affects the body and brain, [2] factors that contribute to physical dependence, [3] how to recognize and respond to the signs of drug overdose, and [4] the dangers of using controlled substances unless under appropriate medical supervision.

This education shall be culturally and linguistically appropriate and may include, but is not limited to, [1] informing program participants about the physical and mental health risks associated with substance use disorders, [2] the grave health risk to those who are exposed to controlled substances and [3] the extreme danger to human life when controlled substances are manufactured and distributed.

This bill . . . also make[s] this provision applicable to any crime of [DV], as defined [by PC 13700, subd. (b)] . . . .

Adds EC 1285

Added EC section 1285.

(a) A statement from a [V] of the sexual offense.
(b) A statement from an eyewitness to the sexual offense.
(c) A statement from a sexual assault medical examiner who examined a [V] of the sexual offense.

This bill abrogates the decision in Walker v. Superior Court (2021) 12 Cal.5th 177, which held that W&I 6602 (probable cause sexually violent predator hearings) does not create an exception letting hearsay on non-predicate offenses to be introduced through a psychologist’s evaluation report. GB]

“Excited Delirium” now a prohibited term for coroners and peace officers to describe a cause of death.

AB 360 (Stats 2023, Ch. 431) Adds EC 1156.5 and HS 24400 ff.

From the Legislative Counsel’s Digest (emphasis added)

This bill . . . prohibit[s] “excited delirium,” . . . from being recognized as a valid medical diagnosis or cause of death . . . [This] . . . prohibit[s] a coroner, medical examiner, physician, or physician assistant from stating on the [death certificate] or [any] report that [death was caused by] excited delirium.

The bill . . . prohibit[s] a peace officer from using the term “excited delirium” to describe an individual in an incident report, but [does] not prohibit the peace officer from describing an individual’s behavior, as specified.

From the Senate Committee on Public Safety report for June 6, 2023.

Excited delirium is not a reliable, independent medical or psychiatric diagnosis. There are no diagnostic guidelines, and it is not . . . in the DSM-5. . . .
Neither the American Medical Association nor the American Psychiatric Association recognizes this term as a legitimate diagnosis. In fact, the only place where this term is . . . used is to describe deaths that occur in police custody.

(d) The following procedures shall apply to any[Def] who is a prohibited person . . . who does not remain in custody at any time within the five-day 48-hour period following conviction: [The procedures are set out at length. The bill . . . allow[s] a petitioner . . . in state prison to not appear at an evidentiary hearing if [that is waived], or to appear [remotely] unless counsel [says] [Def’s] presence is needed.

The bill . . . require[s] a presumption in favor of granting relief . . . if [P] concede[s] or stipulate to a factual or legal basis for the relief.

[I]f after granting postconviction relief [P] retries [Def], [this Bill lets] [Def’s] postconviction counsel to be appointed . . . to represent [Def] . . . .

[The Leg. Counsel’s Dig. does not mention the amendments to “false evidence” and “significant dispute.”]

From the Assembly Committee on Public Safety rpt for Jun. 27, 2023

. . . . [T]his bill:

1) Provides that a habeas petition may be prosecuted based on the introduction of material false evidence, rather than false evidence that is substantially material or probative on the issue of guilt or punishment.

2) Revises the grounds for prosecuting a habeas petition based on new evidence to include evidence that would have changed the outcome of a case, not just a trial.

3) Redefines “new evidence” to include evidence discovered after a plea or trial that has not previously been presented or heard, removing the requirement that it could not have been discovered prior to trial by the exercise of due diligence\| . . . . \| (emphasis added)
From the Senate Rules Committee report prepared Sept. 14, 2023:

This bill makes changes to the provisions regarding when new evidence can be used as the basis for a habeas petition. It brings the existing new evidence standard into conformity with other standards like *Brady* and IAC (ineffective assistance of counsel).

[The legislative history on the web doesn’t expand on “other standards.”]

**From PC 1473 as amended** [“new evidence” is in subd. (b)(1)(C)(i) and (ii)]

(a) A person unlawfully imprisoned or restrained of their liberty, under any pretense, may prosecute a writ of habeas corpus . . . .

(b)(1) [The] writ . . . may be prosecuted for, but not limited to, . . . :

(1) (A) False evidence that is **substantially** material **or** probative on the issue of guilt or punishment was introduced against a person at a hearing or trial relating to the person’s incarceration.

(2) (B) False physical evidence, [as defined in specified circumstances], was a material factor directly related to the plea of guilty by the person.

(3) (C) (i) New evidence exists that is **credible, material, presented without substantial delay, and of such decisive force and value that it would have is admissible, and is sufficiently material and credible that it more likely than not would have** changed the outcome at trial of the case.

(ii) For purposes of this section, “new evidence” means evidence that has been discovered after trial, that could not have been discovered prior to trial by the exercise of due diligence, and is admissible and not merely cumulative, corroborative, collateral, or impeaching. not previously been presented and heard at trial and has been discovered after trial.

(4) (D) A significant dispute has emerged or further developed in [Def’s] favor regarding expert medical, scientific, or forensic testimony that was introduced at trial and contributed to the conviction, such that it would have or a hearing and that expert testimony more likely than not changed affected the outcome at trial of the case.
(A) \( (i) \) . . . [T]he expert medical, scientific, or forensic testimony includes the expert’s conclusion or the scientific, forensic, or medical facts upon which their opinion is based.

(B) \( (ii) \) . . . [T]he significant dispute may be as to the reliability or validity of the diagnosis, technique, methods, theories, research, or studies upon which a medical, scientific scientific, or forensic expert based their testimony.

(C) \( (iii) \) . . . [A] significant dispute can be established by credible expert testimony or declaration, or by peer reviewed literature showing that experts in the relevant . . . community, substantial in number or expertise, have concluded that developments have occurred that undermine the reliability or validity of the diagnosis, technique, methods, theories, research, or studies upon which [the] . . . expert based their testimony.

(D) \( (iv) \) In assessing whether a dispute is significant, the court shall give great weight to evidence that a consensus has developed in the relevant . . . community undermining the reliability or validity of the diagnosis, technique, methods, theories, research, or studies upon which [the] expert based their testimony or that there is a lack of consensus as to the reliability or validity of the diagnosis, technique, methods, theories, research, or studies upon which [the] expert based their testimony.

(E) \( (v) \) The significant dispute must have emerged or further developed within the relevant . . . community, [as defined].

(F) \( (vi) \) If the petitioner makes a prima facie showing that they are entitled to relief, the court shall issue an order to show cause why relief shall not be granted. To obtain relief, all the elements of this paragraph subparagraph must be established by a preponderance of the evidence.

(G) \( [The\ text\ that\ was\ here\ has\ been\ moved\ to\ new\ subd.\ (c).]\)

(c) \( [The\ text\ that\ was\ here\ has\ been\ moved\ to\ new\ subd.\ (b)(3).]\)

(d) \( [The\ text\ that\ was\ here\ has\ been\ moved\ to\ new\ subd.\ (d).]\)

(e) \( (2)(1) \) . . . “[F]alse evidence” includes opinions of experts that have either been repudiated by the expert who originally provided the opinion . . . or that have been undermined by the state of scientific knowledge or later scientific research or technological advances.
(3) Any allegation that the prosecution knew or should have known of the false nature of the evidence is immaterial to the prosecution of a writ of habeas corpus brought under subparagraph (A) or (B) of paragraph (1).

(2)(4) This section subdivision does not create additional liabilities, beyond those already recognized, for an expert [discussed in (2) above] . . . .

(c) This section does not change the existing procedures for habeas relief.

(d) This section does not limit the grounds for which a writ of habeas corpus may be prosecuted or preclude the use of any other remedies. [This text was moved here, unchanged, from former subd. (d).]

(f) (e) . . . A writ . . . may also be prosecuted after judgment . . . [because] a criminal conviction or sentence was sought, obtained, or imposed in violation of [PC 745, subd. (a), the Racial Justice Act], if that section applies based on the date of judgment . . . . [The only change in this subdivision is that it has been re-lettered from subd. (f) to subd. (e).]

(f) [At] an evidentiary hearing [if] [Def] is . . . in . . . prison, [Def] may choose not to appear . . . with a signed or oral waiver on record, or . . . may appear remotely . . . unless counsel [says] presence . . . is needed.

(g) . . . [I]f [P] concedes or stipulates to a factual or legal basis for habeas relief, there [is] a presumption in favor of granting relief. This presumption may be overcome only if the record . . . contradicts the concession or stipulation or it would lead to the court issuing an order contrary to law.

(h)(1) If after the court grants postconviction relief under this section and the prosecuting agency elects to retry the petitioner, the petitioner’s post-conviction counsel may be appointed as counsel or cocounsel to represent the petitioner on the retrial [as specified] . . .

JUVENILE JUSTICE LAW

Interrogation of Minors by Law Enforcement Limited, eff. July 1, 2024

AB 2644 (Stats. 2022, Ch. 289) Adds WI 625.7

The Legislative Counsel’s Digest says “January 1, 2024,” but added WI 624.7, subd. (e), says July 1, 2024.

From the Legislative Counsel’s Digest

Existing law authorizes a peace officer to take a minor into temporary custody when that officer has reasonable cause to believe that the minor has
committed a crime or violated an order of the juvenile court.... [E]xisting law requires the peace officer to advise [M of Miranda rights].

Existing law requires that [an M] consult with legal counsel in person, by telephone, or by video conference prior to a custodial interrogation and before waiving any of the above-specified rights.

This bill ..., [starting] Jan[.], 2024, prohibit[s] [peace] officers from employing threats, physical harm, deception, or psychologically manipulative interrogation tactics, as specified, during a custodial interrogation of [an M].

From Added WI 625.7.

(a) During a custodial interrogation of a person 17 years of age or younger [i.e., M]..., [an] officer shall not employ threats, physical harm, deception, or psychologically manipulative interrogation tactics.

(b) [Definitions]:

(1) “Deception,” includes, but is not limited to, the knowing communication of false facts about evidence, misrepresenting the accuracy of the facts, or false statements regarding leniency.

(2) “Psychologically manipulative interrogation tactics” include, but are not limited to the following:

(A) Maximization and minimization and other interrogation practices that rely on a presumption of guilt or deceit.

   (i) ... [M]aximization includes techniques to scare or intimidate [M] by repetitively asserting [that M] is guilty despite [M’s] denials, or exaggerating the ...charges or the strength of the evidence, including suggesting the existence of evidence that does not exist.

   (ii) ... [M]inimization involves minimizing the moral seriousness of the offense, a tactic that falsely communicates that the conduct is justified, excusable, or accidental.

(B) Making direct or indirect promises of leniency, such as indicating [M] will be released if [M] cooperates.
(C) Employing the “false” or “forced” choice strategy, where the person is encouraged to select one of two options, both incriminatory, but one is characterized as morally or legally justified or excusable.

(c) Subd[.] (a) does not apply to interrogations of [M] if ....:

(1) The ... officer who questioned [M] reasonably believed the information ... was necessary to protect life or property from an imminent threat. [And]

(2) The questions ... were limited to those ... that were reasonably necessary to obtain information related to the imminent threat.

(d) This ... does not prevent [use of] a lie detector test [that] is voluntary and ... not obtained [by] threats, physical harm, deception, or psychologically manipulative ... tactics ..., and the officer does not suggest that the ... results are admissible in court or misrepresent the ... results to [M].

(e) This section shall become operative on July 1, 2024. . . .

Transfer of M to, and remand back from, Adult Court: More Mitigating Factors to Consider.

SB 545 (Stats 2023, Ch. 716) Amends WI 707 and 707.5, and adds 707.2

From the Legislative Counsel's Digest

[P] [can] make a motion to transfer [M] from juvenile court to [adult] court . . . [when M] [at age 16 or older] is alleged to have committed a felony . . ., or [when] a specified serious offense is alleged to have been committed by [an M age] 14 or 15 . . ., [who] was not apprehended prior to the end of juvenile court jurisdiction. . . . [T]he court [must] find by clear and convincing evidence that [M] is not amenable to rehabilitation [by] juvenile court [law],

New Laws 2024 (Dec. 8, 2023, edition)
after consideration of specified criteria, . . . [T]he court [can] give weight to any relevant factor.

This bill . . . make[s] consideration of any relevant factor mandatory and . . . specif[ies] additional factors that the juvenile court [must] consider when evaluating [M's] criminal sophistication . . .

The bill . . . require[s] the court to consider evidence [indicating] that the [alleged V] trafficked, sexually abused, or sexually battered the minor when considering the circumstances and gravity of the offense alleged . . .

The bill . . . require[s] the juvenile court to retain [M] . . . if the court receives evidence that the [alleged V] trafficked, sexually abused, or sexually battered [M] before the . . . offense, unless the court finds by clear and convincing evidence that the [alleged V] had not [done so].

Existing law authorizes a person whose case was transferred from juvenile court to [adult] court . . . to file a motion to return . . . to juvenile court for disposition under specified circumstances . . .

The bill . . . require[s] [the adult] court . . . to return a case to juvenile court . . . if the court receives evidence that [V] trafficked, sexually abused, or sexually battered [M] prior to, or during . . . the alleged offense, unless the court finds, by clear and convincing evidence, that [V] had not [done so].

From WI 707 as amended:

(a)(1) [When M] is alleged to be a person described in [WI] 602 by reason of the violation, when [M] was 16 years of age or older, of any offense listed in subd.(b) or any other felony . . . , [P] may make a motion to transfer [M] . . . to [adult] court . . .

(2) [When] an individual is alleged to be a person described in [WI] 602 by [violating], when the individual was [age] 14 or 15 . . . any offense listed in subd.(b), but was not apprehended prior to the end of juvenile court jurisdiction, [P] may [move] to transfer the individual . . . to [adult] court . . .

(3) [T]o [transfer] [M] . . . the court [must] find by clear and convincing evidence that [M] is not amenable to rehabilitation [by] juvenile court [law] . . . . [T]he court shall consider the criteria . . . in subparagraphs (A) to (E) . . .

(A)(i) The degree of criminal sophistication exhibited by [M].
(ii) When evaluating the criterion . . . , the juvenile court may shall give weight to any relevant factor, including, but not limited to, [M’s] age, maturity, intellectual capacity, and physical, mental, and emotional health at the time of the alleged offense, offense; [M’s] impetuosity or failure to appreciate risks and consequences of criminal behavior, behavior; the effect of familial, adult, or peer pressure on [M’s] actions, and actions; the effect of [M’s] family and community environment and childhood trauma environment; the existence of childhood trauma; [M’s] involvement in the child welfare or foster care system; and the status of [M] as a [V] of human trafficking, sexual abuse, or sexual battery on . . . criminal sophistication.

(B)(i) Whether [M] can be rehabilitated [before aging out]. (ii) When evaluating [this] criterion . . . , the juvenile court may shall give weight to any relevant factor . . . .

(C)(i) [M’s] previous delinquent history. (ii) When evaluating [this] criterion . . . , the juvenile court may shall give weight to any relevant factor . . . .

(D)(i) Success of previous [court] attempts . . . to rehabilitate [M]. (ii) When evaluating [this] criterion . . . , the juvenile court may shall give weight to any relevant factor . . . .

(E)(i) The circumstances and gravity of the offense alleged . . . . (ii) When evaluating [this] criterion . . . , the juvenile court may shall give weight to any relevant factor . . . . (iii) When evaluating [this] criterion . . . , the court shall consider evidence . . . that indicates that the [alleged V] trafficked, sexually abused, or sexually battered [M].

From added WI 707.2

Notwithstanding a finding made [under WI 707, subd. (a)(3)] that [M] is not amenable to rehabilitation while [in] juvenile court, if the court, during a § 707 transfer hearing . . . receives evidence that [M] was trafficked, sexually abused, or sexually battered by the alleged [V] prior to or during the . . . alleged offense, [M] shall be retained [in] juvenile court unless the court finds by clear and convincing evidence that the [alleged V] did not traffic, sexually abuse, or sexually batter the minor.

From amended WI 707.5
(a) . . . (b)(1) 2 If the court receives evidence that [M] was trafficked, sexually abused, or sexually battered by the alleged victim prior to or during the . . . alleged offense, the case shall be returned to juvenile court, as [specified], unless the court finds, by clear and convincing evidence, that the [alleged V] had not sexually abused, sexually battered, or trafficked the minor prior to or during the . . . the alleged offense. This . . . shall . . . prioritize the successful treatment and rehabilitation of minor [Vs] of human trafficking and sex crimes who commit acts of violence against their abusers. . . . [T]hese minors [should] be viewed as [Vs] and provided treatment and services in the juvenile or family court system.

Informal Supervision Disqualifying Restitution Amt Raised to $5K

AB 1643 (Stats 2023, Ch. 850)  Amends WI 653.5 and 654.3

From the Legislative Counsel's Digest

. . . . [A] probation officer, in certain circumstances, [can] delineate a specific program of supervision for [an M] who is alleged to have committed a crime. . . . [M is] ineligible for that . . . if [M] is alleged to have committed an offense in which the restitution owed to [V] exceeds $1,000, except . . . where the interest of justice would best be served.

This bill . . . instead prohibits [M] from participating in [that] program . . . if [M] has committed an offense in which the restitution owed exceeds $5,000.

. . . [T]he probation officer [must] commence proceedings within 48 hours if [M] has been referred . . . for specified offenses, including if [M] is alleged to have committed an offense in which restitution . . . exceeds $1,000.

This bill . . . instead require[s] the probation officer to commence proceedings within 48 hours if the minor is alleged to have committed an offense in which restitution . . . exceeds $5,000.
Juvenile delinquency actions are begun by the filing of a petition under [WI] 602. The petition alleges criminal offenses and is brought by [P].

[WI] 654 provides an opportunity for pre-petition informal supervision, also known as diversion. . . .

If the probation officer concludes that [M] is within the juvenile court’s jurisdiction, or likely soon will be, the officer can delineate a specific program of supervision for [M] for up to six months to try to adjust the situation . . . . In re Adam R. (1997) 57 Cal.App.4th 348.)

After the filing of a petition, the court may also offer informal supervision. ([WI] 654.2.)

Informal supervision is a voluntary contract between the probation officer, [M] and the parents or guardians. If [M] successfully completes this program, the case is then closed. If [M] is unsuccessful at any time . . . the probation department may make a referral to [P] for a formal petition to the juvenile court. . . . . . . . . . . . [T]he court cannot require [M] to admit the truth of the petition before granting informal supervision. (In re Ricky J. (2005) 128 Cal.App.4th 783.) . . . .

[A] number of circumstances render [an M] presumptively ineligible for informal supervision. For example, [M] is presumptively ineligible for informal supervision where the petition alleges that [M] has committed an offense in which . . . restitution exceeds $1,000. ([WI] 654.3, subd. (a)(5).) Additionally, probation is required to refer certain types of cases to the prosecutor within 48 hours. These include cases in which it appears to the probation officer that the minor has committed an offense in which the restitution . . . exceeds $1,000. ([WI] 653.5, subd. (b)(7).)

These dollar thresholds were established in 1989 . . . . This bill . . . increase[s] the thresholds to $5,000 which . . . partly reflects inflation but also recognizes that diversion of youth leads to better outcomes for both the youth and public safety than formal processing through the juvenile justice system.
The requirement that juveniles found to have committed certain drug offenses, and their parents, take part in education or treatment.

AB 890, § 2.5 (Stats 2023, Ch. 818) Adds HS 11356.6, and amends HS 11373

For another aspect of AB 890 see “Probation.”

From the Legislative Counsel’s Digest for SB 46

(This Digest portion applies because AB 890, §§ 2.5 and 3, incorporates amendments to HS 11373 made by SB 46)

. . . . Existing law requires a juvenile court to order a minor, found to have been in possession of any controlled substance, to receive education or treatment from a local community agency, as specified, and to order the minor’s parents or guardian to participate in the education or treatment if beneficial to the minor. . . .

. . . . The bill would strike the requirement that a juvenile court order a minor and their parents or guardians to receive education or treatment. . . .

From HS 11373 as amended by § 2.5 of AB 890 [this incorporates changes made to HS 11373 by SB 46]

If (4)(A) the defendant is a minor, To fulfill the requirements of paragraph (1), when a defendant is granted probation by the trial court after conviction for a violation of Section 11350, 11351, or 11352 involving any amount of fentanyl, carfentanil, benzimidazole opiate, or an analog thereof, the trial court shall also order his or her parents or guardian to participate in the education or treatment to the extent the court determines that participation
will aid the education or treatment of the minor.  
order that person to successfully complete a fentanyl and synthetic opiate education program, if one is available.

If (B) a minor is found by a juvenile court to have been in possession of any controlled substance, in addition to any other order it may make, the juvenile court shall order the minor to receive education or treatment from a local community agency designated by the court, if the service is available and the person is likely to benefit from the service, and it shall also order his or her parents or guardian to participate in the education or treatment to the extent the court determines that participation will aid the education or treatment of the minor.  
A fee shall not be imposed for participation or enrollment in a fentanyl and synthetic opiate education program.

Juvenile Court Can Keep Jurisdiction of a Person Age 25 and Over Up To 2 More Years for a 707(b) Offense

SB 135 (Stats 2023, Ch. 190) Amends, inter alia, WI 607

For other aspects of SB 135, see “Criminal Procedure” and “Evidence.”

From the Legislative Counsel's Digest

(6) Under existing law, the juvenile court may retain jurisdiction over a person who is found to be a ward or dependent child of the juvenile court until the ward or dependent child attains 21 years of age, except as provided.

This bill . . . specif[ies] that the court may retain jurisdiction over a person who is 25 years of age or older for a period not to exceed 2 years from the date of disposition if the person is found to meet certain conditions. The bill would require the court to exercise jurisdiction in conformance with the objectives of the juvenile court.
From WI 607, as amended:

(d) The [juvenile] court may retain jurisdiction over a person who is 25 years of age or older for a period not to exceed two years from the date of disposition if the person is . . . described in [WI] 602 by reason of the commission of [a WI 707, subd. (b)] offense . . . . The court shall exercise jurisdiction in conformance with the objectives of the juvenile court.

AB 449 (Stats 2023, Ch 524)    Amends PC 422.87, 13023, and 13519.6

From the Legislative Counsel’s Digest (editorial features added)

. . . . [The] law [had already] require[d] state law enforcement agencies and authorize[d] local law enforcement agencies to adopt a framework or other formal policy on hate crimes created by the Commission on Peace Officer Standards and Training [POST]. [That] law require[d] any [such policy or update] . . . to include specified information in that policy, . . . .

This bill . . . make[s] adoption of a hate crimes policy by a state and local law enforcement agency mandatory by July 1, 2024.

The bill . . . require[s] those policies to include the supplemental hate crime report in the model policy framework developed by [POST] and a schedule of hate crime or related trainings the agency conducts. . . .
[The] law [already] require[d] [DOJ] to collect specified information from law enforcement agencies relative to hate crimes, including formal hate crimes policies, and require[d] [DOJ] and local law enforcement agencies to post that information on their internet websites.

This bill . . . require[s] the Attorney General to review the submitted materials . . . and . . . require[s] [DOJ] to instruct agencies that did not submit [compliant] materials . . . to submit compliant materials. The bill would require law enforcement agencies to submit the specified materials by a specified date. The bill . . . also require[s] [DOJ] to post the names of agencies that submitted compliant materials on its internet website. . . .

(c)(2)].

[Comment by GB: By the repeated use of the word “probation,” it might seem that the period of mandatory supervision, which occurs after probation is denied is not included. But subdivision (e), makes it seem that the legislature intended that where the court imposes a period of mandatory supervision, the court should require the same drug program required of probationers. The courts will have to decide whether the court must, or can, so-order.]

RECALL OF SENTENCE

The court can recall and resentence on its own motion when the underlying sentencing law changed to Def’s benefit.

Note: AB 600 § 2.5 and SB 88 § 1.5 amended PC 1172.1 identically. Although AB 88 was enacted last, universally, these changes are called “SB 600.”

The additional amendment to PC 1172.1, subd. (a)(8)(B) made, technically, by AB 88, and incorporated into AB 600, is also included here.

From uncodified § 1 of AB 600 as amended.

(a) [The Legislative intent is] that in resentencing . . . [under PC] 1172.1 . . . , all ameliorative laws and court decisions allowing discretionary relief should be applied regardless of the date of the offense or conviction.

(b) [The Legislative intent is] that courts have full discretion in resentencing . . . [under PC] 1172.1 . . . to reconsider past decisions to impose prior strikes. The list of factors . . . in [P] v. Superior Court (Romero) (1996) 13
Cal.4th 497, is not exhaustive. Courts should consider [PC] 1385 . . . , post-conviction factors, or any other evidence that . . . incarceration is no longer in the interests of justice.

(c) Consistent with the . . . Racial Justice Act, [The Legislative intent is] to provide remedies that ameliorate discriminative practices in the criminal justice system, including discrimination in seeking or obtaining convictions or imposing sentences.

(d) [The Legislative intent is] that, . . . where the judge concludes that recall and resentencing [under PC] 1172.1 . . . is appropriate, [that] result in a meaningful modification. [This] means it will cause . . . actual change in the person’s circumstances, including, but not limited to, immediate release, earlier release, and newly acquired entitlement to review by the [Parole Board] or the advancement of eligibility for a parole hearing.

From PC 1172.1 as amended by § 2.5 of AB 600 (this incorporates the amendment to Subd. (a)(8)(B) by AB 88.

(a)(1) When a [Def] . . . has been committed to the custody of the [CDCR] or to [county jail] pursuant [PC 1170, subd. (h)] . . . within 120 days of the date of commitment on its own motion, or at any time if the applicable sentencing laws at the time of original sentencing are subsequently changed by new statutory authority or case law, at any time upon the recommendation of [CDCR] or the [Parole Board] [or], the . . . county jail, the [county P . . . or the A.G. as specified] recall the sentence and commitment previously ordered and resentence the [Def] in the same manner as if they had not previously been sentenced, whether or not the [Def] is still in custody, and provided the new sentence . . . is no greater than the initial one. Recall and resentencing under this section may be initiated by the original sentencing judge, a judge designated by the presiding judge, or any judge with jurisdiction in the case.

(2) . . . . (3) The resentencing court may, in the interest of justice and regardless of whether the original sentence was imposed after a trial or plea agreement, do the following:

(A) Reduce a [Def’s] term of imprisonment by modifying the sentence.

(B) Vacate the [Def’s] conviction and [sentence] on any necessarily included lesser offense or lesser related offense, whether or not that . . .
was charged in the original pleading, \textit{with the concurrence of the [Def]} and then resentence the defendant to a reduced term of \textit{imprisonment, with the concurrence of both the defendant and the district attorney of the county in which the defendant was sentenced or the Attorney General if the Department of Justice originally prosecuted the case.} \textit{imprisonment.}

(4) If the court has recalled the sentence on its own motion, the court shall not impose a judgment on any necessarily included lesser offense or lesser related offense if the conviction was a result of a plea bargain without the concurrence of both the [Def] and [the county P or A.G.].

(4) (5) In recalling and resentencing pursuant to this provision, the court may consider postconviction factors, including, but not limited to, [listing several factors]. \textit{Evidence that the [Def’s] incarceration is no longer in the interest of justice includes, but is not limited to, evidence that the [Def’s] constitutional rights were violated in the [underlying conviction or sentence . . .], and any other evidence [undermining] the integrity of the . . . conviction or sentence.} The court shall consider [specified mitigating factors in the Def’s past or at the time of the . . . offense, and whether those . . . were a contributing factor in the . . . offense.}

(5) (6) . . . (6) (7) . . .

(7) (8)(A) . . . . (B) [If a [V] wishes to be heard [as allowed by law], the [V] shall notify [P] . . . within 15 days of being notified that resentencing is . . . sought and the court shall provide an opportunity for [this].]

(8)(9) . . . . (b) . . .

(c) A [Def] is not entitled to file a petition . . . under this section. If a [Def] consideration for [this] relief . . ., the court is not required to respond.

(d) . . .

[It is settled that Def. has the right to \textit{invite} the court to dismiss an action pursuant to PC 1385. See, e.g., \textit{P. v. Loper} (2015) 60 Cal.4th 1155, 1167, citing \textit{P. v. Carmony} (2004) 33 Cal.4th 367, 375. We’ll find out if that applies here also. GB]

Drivers and Pedestrians Must be Told Reasons for the Stop Before Questioning for Criminal or Traffic Investigations

AB 2773 (Stats. 2022, Ch. 805)  A 2022 law operative 1/1/24

Adds VC 2806.5 and Amends GC 1656.3 and 12525.5
From the Legislative Counsel’s Digest

This bill . . . require[s] a peace officer making a traffic or pedestrian stop, before . . . questioning related to a criminal investigation or traffic violation, to state the reason for the stop, unless the officer . . . believes that withholding the reason . . . is necessary to protect life or property from imminent threat.

The bill . . . require[s] the officer to document the reason for the stop on any citation or police report resulting from the stop. ¶...¶

The bill . . . require[s] [DMV] to include information regarding the duty of a peace officer to state the reason for the stop in the [“California Driver’s Handbook”] . . . when the handbook is . . . revised or reprinted.

From Added VC 2806.5 (operative January 1, 2024):

(a) A peace officer making a traffic or pedestrian stop, before engaging in questioning related to a criminal investigation or traffic violation, shall state the reason for the stop. The officer shall document the reason for the stop on any citation or police report resulting from the stop.

(b) Subd[.] (a) does not apply when the officer . . . believes that withholding the reason for the stop is necessary to protect life or property from imminent threat, including, but not limited to, cases of terrorism or kidnaping.

[Comments by GB: The examples suggest that “imminent threat” must be as serious as terrorism or kidnapping to justify failure to state reasons.

[Violation might not result in suppression of evidence. Custodial arrest in violation of a state law is not necessarily a violation of the Fourth Amendment. (Atwater v. City of Lago Vista (2001) 532 U.S. 318.)]
Searches authorized by probation status, home detention, electronic monitoring limited to probation or other peace officers.

Amends, inter alia, PC 1203, 1203.016, 1203.017, 1203.018, and 1203.25

From Uncodified Sections 1 and 2:

Section 1. This act [is] the Prohibiting Rogue Officer Tricks and Ensuring Community Trust (PROTECT) Act.

Sec. 2. The Legislature finds and declares . . . :

(a) [U.S.] Immigration and Customs Enforcement (ICE) employees sometimes employ concerning tactics and strategies during home immigration enforcement operations.

(b) [Those] include ICE employees . . . using a “probation ruse,” where they misrepresent themselves as probation officers or claim that they are conducting a probation check.

(c) Individuals . . . on probation have no choice but to comply with a probation officer’s request because . . . their probation require[s] them to permit probation officers to access their homes and persons. (d) . . . (e) . . .

(f) ICE’s use of a “probation ruse” undermines the trust and faith in California’s local law enforcement.

(g) . . . California must . . . make it clear that ICE employees are not peace officers and cannot conduct probation “searches and seizures.”

Each effected Section now has language like this in § 1203, subd. (m):

(m) A person who is granted probation is subject to search or seizure as part of their terms and conditions only by a probation officer or other peace officer.

CDCR Must Collect and Publish Voluntary Data on some 36 Races and Ethnicities

AB 943 (Stats 2023, Ch 459) Adds PC 2068

From Uncodified Section 1.

The Legislature finds and declares . . . :
(a) While [CDCR] currently publishes monthly data of its population . . . many ethnicity types, including Asians, Pacific Islanders, and Indigenous people are categorized as “other” . . . . 

(b) . . . 

(c) . . . Because it is unknown . . . how many Asians, Pacific Islanders, and Indigenous people are currently in [CDCR], their experiences and urgency of needs are left out in rehabilitative and other programs.

(d) From 2019 to 2021, inclusive, Asian Prisoner Support Committee, a California organization that provides direct support to Asian and Pacific Islander prisoners conducted a statewide survey in our prisons . . . . 

(e) The survey shows that a majority of more than 500 respondents indicated war as being the main cause for displacement from their country of origin. When people resettle in the United States, they often experience economic hardship and violence. Many of these respondents react to these forms of trauma by joining a gang to find community.

(f) Southeast Asian adults have the highest rate of post-traumatic stress disorder compared with the general population due to war trauma, poverty, and other challenges after they or their families fled . . . wars . . . .

(g) . . . . (h) To better serve Asians, Pacific Islanders, and Indigenous people, close[s]e service gaps[,] and ensure incarcerated and formerly incarcerated people [get] culturally competent and sensitive in-prison and reentry programs, collect[ing] the number of Indigenous people, and additional Asian, Native Hawaiian, and Pacific Islander . . . groups is critical [for] understanding of the needs and experiences of [them].

Cruising can no longer be regulated by local authorities; lowrider prohibition repealed.

AB 436 §§ 1 & 2 (Stats 2023, Ch. 803) Amends VC 21100, repeals VC 24008

The repealed texts defined “cruising” and, in essence, “lowrider”

From VC 21100 as amended:

Local authorities may adopt rules and regulations . . . regarding:

[(a) to (j)]

(k)(1) Regulating cruising.

(2) . . . [C]ruising . . . is the repetitive driving of a . . . vehicle past a traffic control point in [congested] traffic . . . at or near the . . . control point, as determined by the ranking peace officer . . . within the affected area, [and] time . . . after the vehicle operator has been given . . . written notice that further driving past the control point will be a violation . . . .

. . . . VC 24008 is repealed:

It is unlawful to operate any . . . vehicle . . . modified . . . so that any portion . . . , other than the wheels, has less clearance from the surface of a level roadway than the clearance between the roadway and the lowermost portion of any rim of any wheel . . . .

[In common parlance, a vehicle described above is called a “lowrider.”]

New Laws 2024 (Dec. 8, 2023, edition)
The Assembly Floor Report for the final, Sept. 11, 2023, version summarizes the history of cruising, lowriding, and the pros and cons of outlawing them. Here is a small portion:

Arguments in Support. According to the Sacramento Lowrider Commission, "The No Cruising laws are an application of the inequities and racial profiling of a car culture that is family oriented and . . . an expression of the vehicle owner's art . . . . Lowriders are known across the State to voluntarily contribute to civic duties and economic recovery . . .

Arguments in Opposition. According to [Peace Officers Research Association of California] PORAC, "We . . . have seen a host of associated crimes at [cruising and lowriding] events [including drugs, violence, and gangs].

Cars can’t be stopped solely for expired registration before the second month after the expiration, operating July 1, 2024, to Jan. 1, 2030.

AB 256 (Stats 2023, Ch 297) Amends VC 4000, 5204, and 40255

From the Legislative Counsel’s Digest

Existing law requires current month and year tabs, indicating the month and year of expiration of a vehicle’s registration, to be attached to the rear license plate . . .

This bill . . . commencing July 1, 2024, until January 1, 2030, prohibit[s] a violation of these provisions from being the sole basis for any enforcement action before the 2nd month after the month of expiration of the vehicle’s registration. . . . [T]he bill [does], [however,] authorize enforcement action before the 2nd month following the month of expiration if a vehicle is stopped for any other violation of the Vehicle Code.
The language in VC 4000, the basic registration statute, is typical for all three statutes:

(4) (A) (i) A violation of this subdivision shall not be the sole basis for any enforcement action before the second month following the month of expiration of the vehicle’s registration.

(ii) Notwithstanding clause (i), if a vehicle is stopped for any other violation of this code, enforcement action for a violation of this subdivision may be taken before the second month following the month of expiration.

(B) This paragraph [is] operative from July 1, 2024, to Jan[.] 1, 2030 . . .

VICTIMS

Victim’s Rights and Resource Center

SB 86 (Stats 2023, Ch. 105) Amends PC 13897.1 and 13897.2

From the Legislative Counsel's Digest

[Already established is] a resource center that operates a statewide, toll-free information service, consisting of legal and other information, for crime victims and providers of services to crime victims. . . .

This bill . . . require[s] the . . . center to additionally provide the info[.] through an internet website and to the families of crime victims. . . . [T]he . . . website [must] include a summary of victims’ rights and resources . . .

From the Assembly Comm. on Appropriations rpt. for June 28, 2023:

. . . While California has some of the broadest crime victims’ rights in the [U.S.], without guidance, many [Vs] struggle to understand these rights
and the complicated legal process which they often face alone. This bill . . . ensures that info[,] is easier to access, providing clarity and relief to [Vs].

. . . . Existing law requires CalOES [Calif. Office of Emergency Services] to give grant[s] to a nonprofit, statewide resource center that provides info[,] and resources to [Vs] . . . . [including] info[,] about relevant laws, [V’s] rights, and local resources . . . . CalOES funds CVRC, [Calif. Victims Resource Center] which operat[es] out of McGeorge School of Law . . . . a confidential, toll-free hotline . . . , through which law students, under attorney supervision, provide info[,] and referrals . . . for [Vs] . . . and other[s].

This bill requires the . . . center to operate a website that provides specified information about state and county victim resources, the . . . criminal justice process, how to obtain restitution from the . . . Victim Compensation Board, and legal protections for victims and their families. CVRC currently operates a website that appears to satisfy this bill’s requirements. . . .

HUMAN TRAFFICKING, VICTIM’S RIGHTS

SB 376 (Stats 2023, Ch. 109) Adds PC 236.21

Section 236.21 is added to the Penal Code, to read: . . .

(a)(1) A [V] of human trafficking or abuse, as defined in [PC] 236.1 . . . or [EC] 1038.2 . . . , has the right to have a human trafficking advocate and a support person of [V’s] choosing present at an interview by a law enforcement authority, [P], or the suspect’s defense attorney. The . . . officer or [P] may exclude the support person from the interview if [they] . . . believe[ ] . . . the support person’s presence would be detrimental . . . .

(2) Prior to being present at [such] an interview . . . , a human trafficking advocate shall advise [V] of applicable limitations on the confidentiality of communications between [V] and the . . . advocate.
(3) . . . [T]he following definitions apply:

(A) “Human trafficking advocate” means a person employed by an organization specified in [EC] 1038.2 . . .

(B) “Support person” means a family member or friend of the survivor and does not include the human trafficking advocate.

(b) (1) Prior to the . . . initial interview by a law enforcement authority or [P] pertaining to a criminal action arising out of a human trafficking incident, a [V] of human trafficking or abuse, as defined in [PC] 236.1 . . . or [EC] 1038.2 . . . shall be notified orally or in writing by the . . . law enforcement authority or [P] that [V] has the right to have a human trafficking advocate and a support person of [V’s] choosing present . . . .

(2) [When V] is advised of their rights . . . , the . . . law enforcement authority or [P] shall also advise [V] of the right to have a human trafficking advocate and a support person present at an interview by the suspect’s defense attorney or [that attorney’s] investigators or agents . . . . (3) . . .

(c) An initial investigation by law enforcement to determine whether a crime has been committed and the identity of the suspects does not constitute a law enforcement interview for . . . this section.

[Notes by GB: 1. “victim of abuse” is not defined by PC 236.1 or EC 1038.2, but PC 236.1 mentions “abuse . . . of the legal process. . . .” 2. New PC 236.21 does not require Def’s Atty to tell V of the right to have an advocate or supporter present at an interview; but P is likely to ask V if Atty did give that advice. Def might counter by asking or pointing out that PC 236.1, subd. (b)(2) requires law enforcement or P to give that advice.]
